

Never-before prices for Mazda Brake Pad and Brake Shoe replacement as part of *Check and Change Drive*

Towell Auto Centre's Parts and Service department is living up to their motto of 'Care beyond Car'. As a part of the *Check and Change Drive*, they have announced a never-before price offer for Mazda owners on Brake Pad and Brake shoe replacement. The month long campaign spans between 21st November 2006 and 31st December 2006.

The drive reinforces the importance of periodic check up of the vehicle's brake pad and brake shoe, which is a prime safety measure. The Mazda owners are recommended to check these components every 6 months or every 10,000 km, in order to ensure trouble free driving.

During this drive, Mazda also offers a special 50 per cent discount on other parts replacement and a 20 per cent discount on labour costs.

Mr. Ragendran, General Manager, Parts Division, states, "Brake components are often neglected until the vehicle has ineffective brakes. Our advice is to not wait till it's already late, but to have the vehicle checked periodically to minimize driving risks".

Ragendran also makes customers aware of some braking problems that require immediate attention. "Drivers should keep a keen eye on the following –

- squealing or grinding noises during braking
- ◆ Poor effectiveness when depressing a brake pedal
- ◆ Longer stopping time
- ◆ Pulling to one side during braking
- ◆ Decreasing brake fluid without leak

Vehicle owners should keep a check on these problems and if one or more of these symptoms show up, they must immediately report to the nearest Mazda service center," advises Ragendran.

The Mazda models covered in the price offer for *Check and Change Drive* includes Mazda 323, 626, Mazda 3, Mazda 6, Mazda B series & Mazda B series 4x4.

This campaign is made available in all branches of Towell Auto Centre across Oman.

Towell Auto Centre provides quality service to all models of Mazda and makes owning a Mazda extra pleasant with its efficient after sales service and quick response time.
