

## Mazda's Summer Stunner offer brings new hope to car enthusiasts

The unexpected cyclone Gonu that hit Oman recently claimed an astonishing number of cars. Among the unfortunate also was Gyta Irene, who lost her 67-day-old dark grey Mazda3 when the *wadi* near her residence in Bowsheer overflowed.

But Irene, an ardent Mazda customer, made sure she would not let the loss distress her for long. "I've always found the Mazda3 very attractive and wanted to own one. It was very depressing to lose this beauty, especially so soon after I bought it. So after my car was damaged in the cyclone I headed straight to the Mazda showroom to figure out ways of replacing my car," says Irene.

It was no time before the Mazda sales staff had "an excellent" deal chalked out for her and Irene was back into the Mazda family. This time it was a golden Mazda3 for Irene. "The customer service I received from Mazda was exceptional. They made me an irresistible offer, which I could hardly refuse. They had taken into consideration the circumstances under which I lost my car and tailored a deal that was perfect for me," says the flight attendant from Oman Air.

The ongoing Summer Stunner offers free registration, free 5-year unlimited warranty on mileage, free 24-hours road assistance and gift shopping vouchers. Those opting for a Mazda3 on the offer can avail all the above benefits and close the deal at a mere monthly installment of RO 98. One can own a Mazda6 on an easy installment scheme of RO 108 per month, with 15 per cent down payment.

What makes the Mazda Summer Stunner distinct is its unique quality to be customized according to every customer's individual requirements. It worked wonders for Irene and it just might be the best deal in the market for you as well.

"The main aim of this special promotion was to tailor-make deals for customers according to their individual needs and specifications. We are very glad that we have successfully been able to offer flexible deals to numerous car enthusiasts and bring smiles on the faces of those like Irene, whose vehicles have suffered losses due to the effects of the recent cyclone," says Annurag Chawla, Brand Manager, Mazda.
